

ELEKTRANS GROUP SHORT NEWS

ELEKTRANS GROUP CEO TO MEET IRISL CEO IN COPENHAGEN AT A DANISH SHIPOWNERS ROUNDTABLE

Mumbai – 7th August 2017

Capt. Michael Elwert, Group CEO, Elektrans Group will be attending the round table discussion/seminar with Islamic Republic of Iran Shipping Lines (IRISL), CEO, Dr. Mohammad Saeidi scheduled on 14th August 2017 in Denmark.

With broad sanctions relief delivered in January 2016, Iran's economic opening is now firmly underway. Major multinationals are establishing new or expanded operations in the country across sectors. The re-election of President Hassan Rouhani has also renewed a popular mandate for international engagement and economic reform.

The round table discussion will be a chance to get a better feel for the ongoing progress within the shipping and financial sector of Iran – and the related industries, all of which Elektrans Group continues to have a shared interest.
